Using the map on reverse of this form, please identify property. _____

If existing structure, number on attached map is: _____

In addition to the sketch plan on page 2 of the Calais Zoning Permit Application, the following information must be provided. Please label submissions.

1. Changes to Existing Structures or New Outbuildings

- A. Sketch plan which clearly shows the proposed changes or additions to the existing structure(s) - preferably drawn to scale.
- B. Sketch elevation (or photographs) of existing structure with additions and changes, preferably drawn to scale.
- C. Sketch of plan and elevations of new outbuilding and its relationship to existing structure(s).
- D. Description of siding material(s).
- E. Description of existing and proposed landscaping.

2. New Residences, Commercial or Industrial Building

- A. Exterior elevations drawn to scale from all perspectives, including details of exposed foundation from the ground up.
- B. Description of existing and proposed siding and roofing material(s).
- C. Site plans, drawn to scale, showing:
 - dimensions and orientation of site, including setback
 - roads, access, and parking
 - existing and proposed landscaping
 - location, height, and material of walls and fences
 - exterior lighting
 - location, size and design of exterior signs
- D. Significant natural and other features.

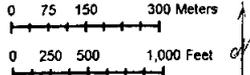

NOTE: Any large maps, site plans etc. MUST be accompanied by 2 copies no larger than 11X17.
