Aug 6, 2014 7pm

Present:

Fund update: \$71,449.60 as of July 31

Approved July minutes

The Conservation Commission discussed each one of the actions on the list of “Regulatory Guidance” that the Planning Commission had deleted and decided whether it should be deleted, left in as is, or amended. For purposes of any Act 250 project, the only way our Town Plan will be considered is if it uses mandatory (“shall”) language.

Stephanie will revise the list as discussed.

The CC decided that Stephanie should send the whole section as proposed by the CC to the PC and the Selectboard. It will be up to the Selectboard to decide what it wants to adopt.

Jennifer volunteered to work on language related to wetland buffers

Julie volunteered to look into vernal pool buffers

Meeting adjourned 9pm
